

Morning Star

Mænd: Draped across a midnight sky, a veil of stars, a shroud of silent night

Hidden deep within the veil
an azure spark, a burst of glory bright.
Emmanuel, Emmanuel
With your brilliance mark the hour
Set us free from sin's dark pow'r

Mænd: banish shadows of the night

Shatter darkness with your light, Emmanuel

Mænd: Rising out of Israel, a Morning Star to break into the night
Star to break into our night,

to break into the night
Emmanuel, Emmanuel
With Your brilliance mark the hour
Set us free from sin's dark pow'r
banish shadows of the night
Shatter darkness with your light, Emmanuel

Emmanuel, Emmanuel
With Your brilliance mark the hour
Set us free from sin's dark pow'r
banish shadows of the night
Shatter darkness with your light, Emmanuel

Morning Star, Incarnate Word,
Bring your light into our World
Emmanuel
